The University of San Diego was built on the core values of knowledge, community, ethical conduct, and compassionate service. These values are prevalent throughout the University including USD Catering. We have a deep understanding of skilled service and fine food. Like our beautiful and green campus, we strive to make every USD Catering event outstanding while still being environmentally friendly. Through the integration of the University’s values and our dedicated team of chefs, managers and staff, excellence is ingrained in our food, services and culture.

QUALITY

Along with the flavorful side of our food, freshness and sustainability are key ingredients to the dining experience. Our ingredients are thoughtfully procured to create quality meals for our clients.

SERVICE

Our culinary staff's execution revolves around caring preparation, punctual presentation, and gracious service. The staff's learning is ongoing, as they receive continuous training from the Culinary Institute of America which further enriches their passion for edible creations.

OUR GREEN PHILOSOPHY

USD Catering exercises sustainable practices to the best of its ability in all facets of operations. Through supporting and sourcing local farmers and artisans we provide the community with a green approach to catering. We take pride in the fact that we provide an eating experience that is delectable for the guests and desirable for the earth.

We can develop a green menu meant to suit you and your event. Customizations such as free-range poultry, grass-fed beef or pork, wild-caught seafood, and organic produce are available. There are many options for other products to be sourced locally, organic and/or sustainable.

Reusable china is available for coffee or tea in order to avoid sending excess packaging to the waste stream. USD Catering does not stop being green once the food has been served, our sustainability efforts continue through the cleanup of your event. Pre and post consumer food scraps are composted.

SUCCESSFUL CATERING PLANNING

It is important to allow yourself plenty of time to plan for and create your event. To arrange an appointment with catering, or for assistance in general, please contact us. We encourage you to come with ideas about your function and we will work with you to support your planning any way possible.

GUEST COUNT | GUARANTEE

We require a final count three business days before the event (not including the day of the event). An earlier guarantee of five business days is required for groups over 100 or with special menus. You will be financially responsible for 100 percent of your final guarantee, or the actual number of guests served, whichever is greater. If a guarantee is not provided, your last estimate becomes your guarantee. Last minute guest count changes may result in additional charges. If your guest count increases less than three days before your event, we may not be able to increase the quantity of every menu item, but we will serve an appropriate substitution. We prepare food for 5% above the guarantee for buffets only. For groups over 100, and for orders occurring on weekends, holidays, or during finals, there may be additional charges for labor and services. Final bill will reflect actual cost. Missing equipment will be automatically billed to the client hosting the event.

Please clarify table and chair requirements with the appropriate facility when reserving your space. USD Catering does not supply tables and chairs.

DELIVERY AND PICK UP

The appropriate attendants are scheduled to clean up each event based on the time specified on the event sheet / duration of meals. If a client asks USD Catering to come back later than the scheduled event end time, there will be an additional fee of \$40 per hour for every hour that staff is required for late pick up. The event location must be unlocked and available at least 45 minutes prior to the event starting time as shown on your order. For groups over 100, and for orders occurring on weekends, holidays and during finals, there may be additional charges for labor and service.

LEFTOVERS

Due to regulations by the Health Department and in alignment with catering industry standards, any food not consumed at the event may not be removed, except by USD Catering staff.
